a **fun** with Chimp and **learn** with Zee game

Object:

To be the first player to fill their game board with object color cards in each of the seven colors of the rainbow.

Contents:

Rainbow spinner, 4 rainbow game boards, 28 object color cards (4 cards for each of the 7 colors of the rainbow)

Set up:

Each player takes a rainbow game board. Remove and discard the card board collar from the spinner. Place the rainbow spinner in the middle of the play area. Spread the twenty-eight object cards face up all around the rainbow spinner.

Playing:

Play starts with the youngest player and moves clockwise. The first player spins the spinner.

- If the arrow points to a color, the player chooses a matching object color card and places it on the same color on their game board and the next player goes.
- If the arrow points to the rain symbol the player does not pick up an object card and the next player goes.
- If the arrow points to the sun symbol the player can pick up any object card and take another turn. After this one extra turn, the next player goes.

Ending and winning:

Play continues until one player has covered all seven colors of their rainbow with object cards, completing the pot of gold picture in the center.

YELLOW: banana, bee, duck, sunflower
