Hints and tips for fun ways to play

For younger children

- Start off with just one vehicle at first and slowly work up to the full set as their recognition and matching skills grow.
- Ask them to close their eyes and then feel the edges of the each puzzle piece.
TIP: shuffle the shaped pieces round and see if they can guess which shape belongs to which vehicle.

As they grow

- Use each vehicle in turn and make up a story about the vehicle, include something about the spin and shine sections too.
- Slowly introduce an extra vehicle into the story until the full set of vehicles (and their moving sections) is included.
TIP: making vehicle noises as each vehicle is mentioned is fun for you and your child.
